

Is Hurunui All Right?

In April 2018 we interviewed 150 Hurunui locals to find out how people are doing and the issues being faced, 18 months on from the big 2016 quake

Most people are doing okay but a small group feel like life is worse than before the quakes.

Better: 19%
Worse: 15%
Same: 66%

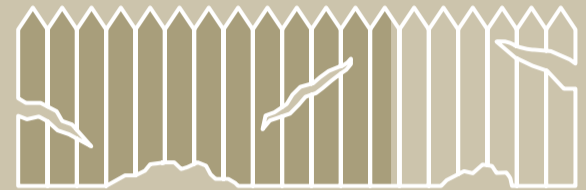

55%

Had damaged homes

66%

Had quake damaged neighbourhoods

29%

Feel a sense of loss for community facilities

29%

Feel a sense of loss for people who relocated

34%

Worry about drought

95%

Are more aware of their wellbeing

93%

Have hope for the future

58%

Feel life is busier than before

48%

Take time to recharge outdoors

39%

Worry about another big quake

69%

See lots of opportunities

80%

Value what they have more now
